

# FOOD RECOMMENDATIONS FOR A HEALTHY CAT

## 1. DIET:

We recommend that you feed  $\frac{1}{2}$  dry food with  $\frac{1}{2}$ -canned food mixed for your kitten. The food we recommend is “Innova.”

Diet can be purchased at:

- Goober Pet Products
  - (480)668.4994
  - [www.gooberpetdirect.com](http://www.gooberpetdirect.com)
- The Stock Shop
  - (623)487.9277
  - 6615 W. Thunderbird  
Glendale, AZ 85306

## 2. FEEDING:

Feed your kitten two meals a day. Give about a quarter cup at each meal. Do not give them free access to food because they will over eat and become overweight. Feed a kitten formula until they are 8 months old, then switch to an adult maintenance formula.

3. Always keep fresh water available for your kitten.
