

FOOD RECOMMENDATIONS FOR A HEALTHY PET

1. DIET:

Hound-N-Flocken made by **Solid Gold**, or **Innova Puppy Formula** until 8 months of age, and then feed an adult formula.

Diets can be purchased at:

- **Goober Pet Products**
 - (480)668.4994
 - www.gooberpetdirect.com
- **The Stock Shop**
 - (623)487.9277
 - 6615 W. Thunderbird
Glendale, AZ 85306

2. SNACKS:

Fresh fruits and vegetables make the best snacks. Limit them to 2 or 3 small servings a day. Try several types. (My dogs favorites are carrots, apples, broccoli, bananas and green beans)

HELPFUL HINT:

- Freeze carrots to provide as a great boredom buster (they also help alleviate pain in teething puppies).
- “Dog Cubes”: Take a can of same formula as dog food, add a can of water, mix well. Pour over ice cube tray and give as treat or toy stuffing.

3. Feed meals; do not leave food out for them all day long. Dog's will overeat and then become overweight.
